Dear Mr. Robinson:

My apologies for this tardy acknowledgement of your letter to John Kluge concerning our company's FM station.

We are certainly aware of the FCC's proposed rule regarding FM programming, and can assure you that our plans for WNEW-FM call for the same popular acceptance WNEW-AM has always enjoyed.

In short, our commitment to operating "in the public interest, convenience and necessity" will prevail, FM and AM.

Sincerely,

John V. B. Sullivan
